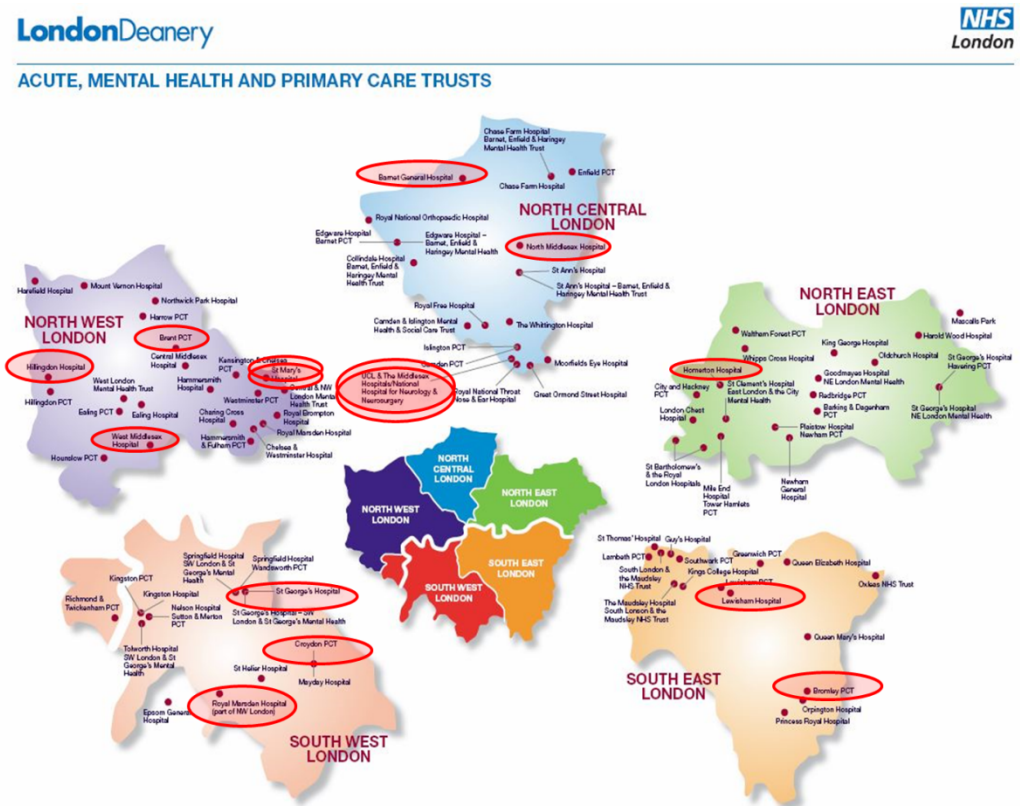
Mapping the Future Project



- The 10 Training Ideals were adapted from data from the Mapping the Future project
- Mapping the Future was led by the Curriculum Subgroup in the London Deanery Trainees' Committee
- The project involved obtaining feedback from 19 focus groups held throughout London in 2014
- A total of 200 participants consisting of:
  - ST1-8 Trainees & Consultants
  - 63 College Tutors
  - Trainee Committee Members
  - Trainee Trust Representatives
- 13 NHS Hospitals / Community settings:
  - 4 North West London
  - 4 North Central and North East London
  - 5 South London

London School of Paediatrics

How to use the 10 Training Ideals

- For discussion at:
- Junior-Junior meetings
- Junior-Senior meetings / Local Faculty Groups
- Quality Visits
- Deanery Visits

- In conjunction with London School of Paediatrics Trainees' Survey

London School of Paediatrics
